May 2019.

As stated in our 2017/18 audit plans were made to fund raise for a speed indicator device for the Parish. This has now been purchased at a cost of £2500 and monies reserved for the posts etc which will be purchased in May 2019. The Parish Council has donated £500 to the cost of the equipment and raised our precept by £200. The remainder has been financed through donations within the village and the Mary Freke charity who generously donated £600. There will be some maintenance costs in running the equipment but we feel there are adequate reserves to cover any contingencies in this regard.

Clerk

Hinton St Mary Parish Council
